

Add Email to Your Account

1. Go to Element All settings

2. Enter your email address and click Add

Email addresses

Email Address

Add

3. When you get this message, check your email

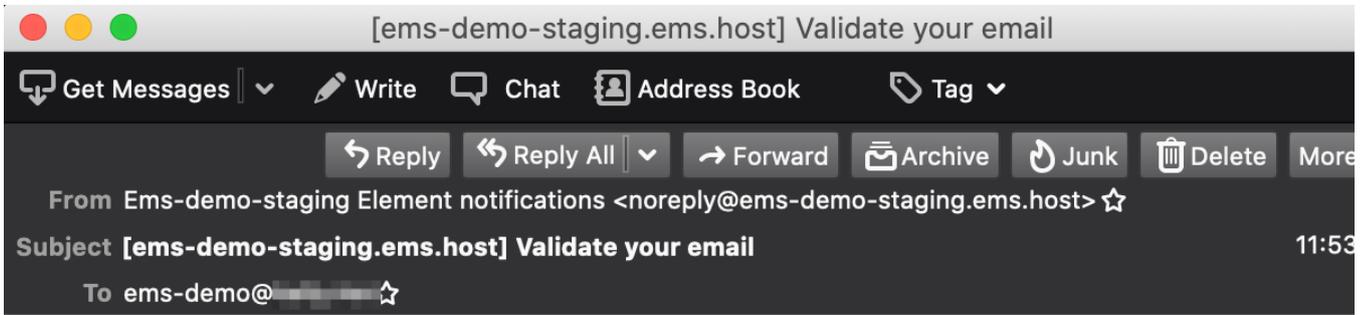

Email addresses

Email Address

We've sent you an email to verify your address. Please follow the instructions there and then click the button below.

Continue

4. Click the link in the email. Make sure it opens in another tab/window, leaving your Element client where it is

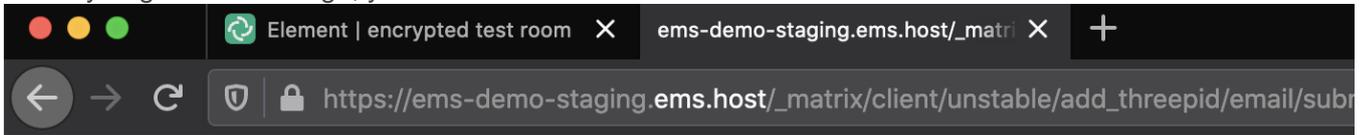

A request to add an email address to your Matrix account has been received. If this was you, please click the link below to confirm adding this email:

[https://ems-demo-staging.ems.host/_matrix/client/unstable/add_threepid/email/submit_token?token=\[redacted\]&client_secret=\[redacted\]](https://ems-demo-staging.ems.host/_matrix/client/unstable/add_threepid/email/submit_token?token=[redacted]&client_secret=[redacted])

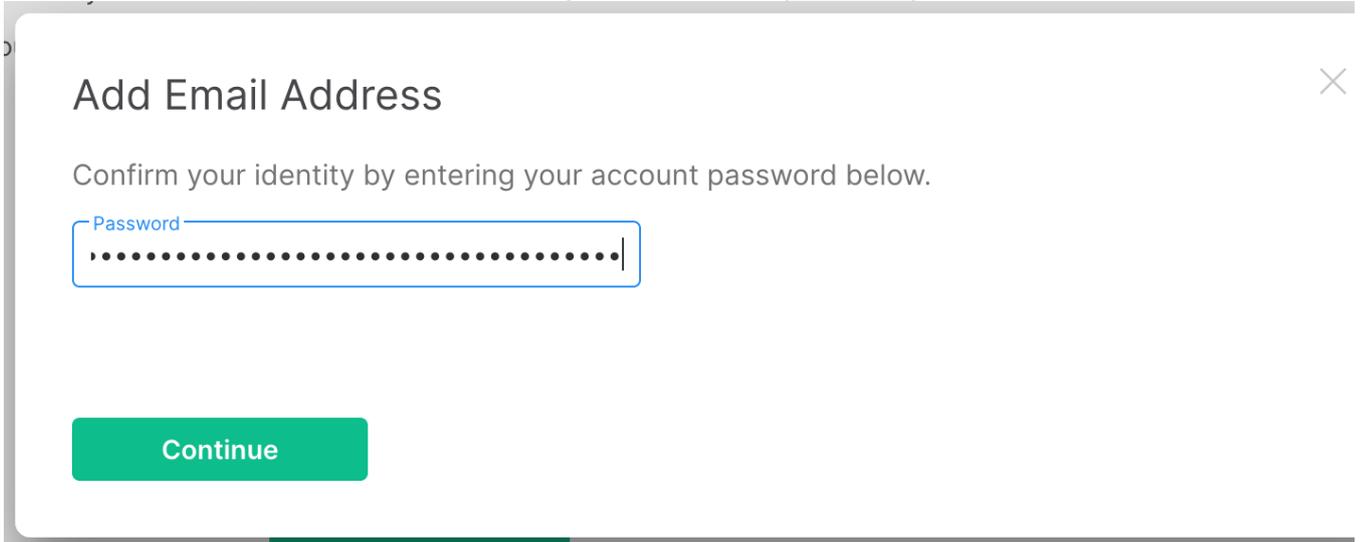

If this was not you, you can safely ignore this email. Thank you.

- When you get this message, you can close the verification tab/window and return to Element

Your email has now been validated, please return to your client. You may now close this window.

- Go back to Element and click `Continue`
- Enter your account password or confirm using SSO, then click `Continue`

- If all worked correctly, your new email should now show up under the `Email addresses` section in Element settings. If not, something went wrong and you need to try again
