

Adding a Trust & Safety Contact

1. Click `Your Account` and `Manage Servers` or click this link <https://ems.element.io/user/hosting>.
2. Click the Hosts tab.
3. Add an email address to the `Trust and Safety contact` field and click `Save` at the bottom.

This contact should be a user with access to respond to content takedown notices and other trust & safety concerns (such as deactivating users).
