

Securing an EMS Account

Two-Factor Authentication

From the [Element](#) homepage, click [Sign In](#) then [Admin Dashboard](#) to be taken to the EMS Control Panel. If you aren't logged in already, you will be presented with the login screen - sign in using your details to be taken to the EMS Control Panel.

The screenshot shows the Element website's navigation bar with the logo and links for Product, Solutions, Pricing, Resources, Sign In, and a Get started button. A dropdown menu for Sign In is open, showing options to Open Element web or Admin dashboard. Below the navigation bar is a dark blue banner. The main content area is a light gray box containing the Sign In form. The form has fields for Email and Password, a Forgot Password? link, a link for users not seeing their usual login option, a large green Sign In button, and a link for new users to Register.

Mobile Authenticator Setup

1. Install one of the following applications on your mobile:

- FreeOTP
- Google Authenticator

2. Open the application and scan the barcode:

[Unable to scan?](#)

3. Enter the one-time code provided by the application and click Submit to finish the setup.

Provide a Device Name to help you manage your OTP devices.

One-time code *

Device Name *

Submit

\$Cancel

If you're planning on using a password manager, you may not be able to scan the QR code. Simply click [Unable to scan](#), copy the code and paste it into your password manager. Configuration values are provided below the code, should your application require this information. To complete this process, provide a generated code from your device / password manager, give it a recognisable device name then click [Submit](#).

Two-factor authentication

Authenticator application

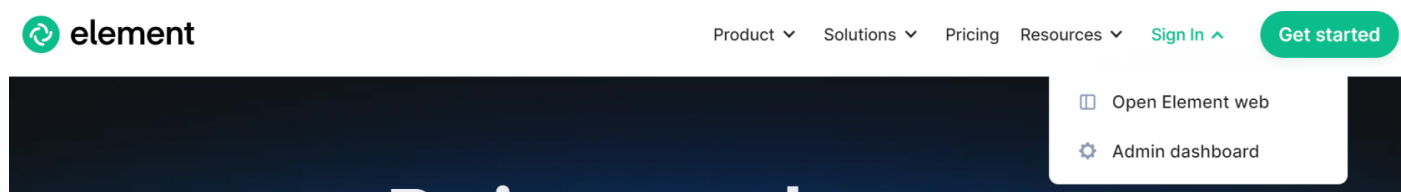

Enter a verification code from authenticator application.

Created

You can confirm this was successful, as you will see the device listed under the [Two-factor authentication](#) section.

Changing your EMS Account Email

From the [Element](#) homepage, click [Sign In](#) then [Admin Dashboard](#) to be taken to the EMS Control Panel. If you aren't logged in already, you will be presented with the login screen - sign in using your details to be taken to the EMS Control Panel.
