

WIP Security & Privacy Settings

Disclaimer: This guide refers to using the Element Matrix clients, [Element Web](#) or [Element Desktop](#) apps

Accessing Security & Privacy Settings

You can change your Matrix account settings by clicking your profile icon in the top left of the Element client. By default, this will be a colored circle with the first letter of your Matrix ID. From the presented drop-down menu, you'll be able to jump into specific settings straight away, or access [All Settings](#). Clicking [All Settings](#) will take you first to [General](#) settings, click [Security & Privacy](#) in the vertical navigation menu on the left to open [Security & Privacy](#) settings.

Info: The below setting layout / order may change in subsequent client updates, however generally most settings will still perform the same function.
